

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

Farmers and Ranchers Study Improved Methods for Stock

New Fire Truck May Be Delivered During October

Hamlin city officials were notified this week that the R-8 Dodge chassis for the new \$12,000 fire truck had been delivered to the Central Fire Equipment Company in St. Louis, Missouri, which firm is assembling the unit for the Volunteer Fire Department.

Central officials declared that assembling of units for the truck was already underway when the chassis arrived, and expressed opinion that October delivery of the finished truck could still be made. Original delivery date was promised within 70 days after delivery of the chassis to the factory.

The new truck will be one of the most modern manufactured today, according to Roy Dunlap, city coordinator, who is handling specification details in cooperation with members of the fire department.

Contact for 1,200 feet of two and one-half inch hose for the truck was let last month, and delivery is promised in October.

Addition of the new fire truck will provide the city additional protection that has been needed for many years, Dunlap points out. Revamping of the two present fire trucks is planned soon by city officials, it is announced.

VISITS GRANDPARENTS.

Carlton Lee Carter of Fort Worth, daughter of Mr. and Mrs. Lee Carter is here visiting with her grandparents, Mr. and Mrs. Bill Carter.

New Taxes on Gasoline and Cigarets, Effective Tuesday, Passed on to Public

Hamlin area residents, along with those of the rest of the state of Texas were paying more for their cigarettes, gasoline, drivers licenses and divorces this week.

They can blame the extra pinch on laws passed by the Legislature during its past session. The laws became effective 90 days after the session's end, which was Tuesday.

Gasoline went up a penny a gallon at standard stations. That was the amount of the tax, and

Rotary Wildcat Slated For South of Hamlin

A rotary wildcat has been staked eight miles south of Hamlin to top this week's oil news.

The venture is Pual C. Teas of Dallas No. 1 Clift Brothers. Site is 330 feet from the south and 467 feet from the east lines of Section 5, Goliad County School Lands Survey 359. It is one-half mile southeast of the Milstead (Flippin Lime) Field.

EVANGELIST for the 10-day revival meeting beginning this (Friday) evening at the North Central Avenue Baptist Church will be Rev. L. D. Regeon (above), pastor of the North Grape Street Baptist Church in Abilene. The series of services will continue through Sunday, September 18.

Coop Gin Managers Attend Clinic in City

About 60 gin managers from a 20-county region around Hamlin were in a one-day clinic for cooperative gin managers held at the guest house of the Midwest Cooperative Oil Mill last Thursday. R. L. McClung, oil mill manager, was host to the group.

Sponsored by the Houston Bank for Cooperatives, the Texas Federation of Cooperatives and the Extension Service of Texas A. & M. College, the clinic featured a study of modern methods for gin operation and management, including new types of records and other improved systems.

Range Practices To Be Examined On Pasture Tour

Numbers of Hamlin area farmers and ranchers were scheduled to attend a two-day range school this week at Anson and Stamford.

The county-wide school was to be held Thursday and Friday, according to Bill Lehmberg, county agent. Garlyn Hoffman, Texas A. & M. College extension range specialist, will conduct the two-day affair.

First day's session was to be at Anson Thursday, starting at 9:00 a. m. in the county courtroom, and will cover such subjects as range utilization, range conditions, grasses of the area and how to identify them, range conservation practices such as spreader dams, contour furrowing and contour chiseling. Mesquite, brush and prickly pear control will also be discussed. The meeting will adjourn between 3:00 and 4:00 p. m. the first day.

Working through W. G. Swenson of Stamford, a tour of range practices was arranged for the second day. The group will assemble in the area of the SMS office in Stamford at 9:00 a. m. Friday and will make the following stops:

9:15 a. m.—Visit pasture where deferred grazing is practiced through the summer months in the Stamford area.

10:00—Visit normal grazing system between Stamford and Throckmorton.

10:30—Visit mesquite control works, both chemical and mechanical, in Throckmorton area.

11:30—Visit ungrazed pasture near Throckmorton.

12:15 p. m.—Lunch in Throckmorton (Dutch).

1:45—Visit range contour furrowing in Throckmorton area.

2:30—Review and questions by attendants. Adjourn.

The school is sponsored by the county extension service program building committee, and everyone interested is urged to attend.

VISIT IN EAST TEXAS.

Mr. and Mrs. M. T. York returned Tuesday from East Texas. They visited with relatives and friends at Lufkin and St. Augustine.

Homecoming Plans For Ex-Students Now Being Shaped

Plans for the first annual homecoming celebration of ex-students of Hamlin High School were taking shape this week as various committees were being organized to carry on details of the get-together slated for Friday, October 14.

Taking leads in the gathering arrangements were Mrs. Bill Harbert and Mrs. Austin Poe.

A tentative schedule of principal events was announced Wednesday with details to be worked out as the get-together nears.

At 2:00 p. m. Friday ex-students are urged to meet at the high school and register. Special class meetings of the students will be called to organize and make plans for subsequent meetings of the various classes. Local ex-students will be asked to act as sponsors for visiting attendants.

A barbecue for all ex-students and others will be staged, probably at the City Park, at 5:00 o'clock.

Climax of the homecoming will be a football game at 8:00 o'clock at Pied Piper stadium between the Spur Bulldogs and the Pied Pipers.

A coupon is being printed in today's Herald on which all ex-students of Hamlin High School are urged to give information about their plans for the homecoming. It is to be mailed to Mrs. Bill Harbert. This information will assist the arrangements committees in formulating plans for the meeting.

Rev. L. D. Regeon to Preach in Revival at North Central Church

Doing the preaching in a 10-day series of revival services beginning this (Friday) evening at the North Central Avenue Baptist Church will be Rev. L. D. Regeon, pastor of the North Grape Street Baptist Church of Abilene. He has held two previous meetings in the church.

Services are slated each morning at 10:00 o'clock and each evening at 8:00 o'clock, according to Rev. Woodrow McHugh, pastor, who says prayer meetings will be conducted at 7:30 each evening before the preaching service.

Music for the meeting will be directed by Willard Jones and L. B. Baker.

Pastor McHugh and members of his congregation cordially invite the public to attend the series of services, which will continue through Sunday evening, September 18.

J. E. Patterson Named Chest X-Ray Leader

J. E. Patterson, local insurance man, has been appointed Hamlin chairman of the Jones County chest x-ray program, to be conducted here on October 6 and 7.

He was appointed by Irene Stewart, president of the Jones County Tuberculosis Association, under whose sponsorship the Texas State Department of Health holds this annual campaign.

MAYOR ON HAND TO GREET AMBASSADOR—India's ambassador to the United States, Gaganvihari Lullabhai Mehta (right) is welcomed at Houston's international airport by Mayor Roy Hofheinz during the ambassador's brief stop-over in Houston. On a previous visit to the city Ambassador Mehta was asked to leave a public dining room of a restaurant because a supervisor thought he was a negro.

Little Interest Felt In Tuesday Election

Little interest was being manifested this week in the forthcoming special city election next Tuesday that will name a new member to the Hamlin City Council—if the check-up conducted by a Herald reporter was indicative.

The election was called to elect a new member to the council following the resignation recently of Delma Shelburne, who is moving to Snyder to make his home.

Only one name, that of L. H. McBride, was filed for a place on the ticket before the Saturday noon deadline, and his is the only name on the ballots that were printed this week for the election.

Voting will be done at the city hall under the direction of J. E. Patterson, who has been named election judge. Clerks will be Mrs. Charles Lovell and Mrs. C. C. Prater.

Polls will be open from 8:00 a. m. till 7:00 p. m. Balloting may be done by residents of the city who hold poll tax receipts or exemptions.

Term of the new councilman will run until April, 1957.

Other members of the City Council are Gene Prewitt, W. S. Seals and B. O. Bell, whose terms expire in April, 1956; and A. Spencer, whose term expires in April, 1957.

Hamlin Woman One of Three on Court Grand Jury

Three Hamlin citizens, including a woman, are members of the grand jury for the 104th District Court of Jones County when it was empaneled Tuesday morning by District Judge Owen at Anson.

Mrs. Holly Toler was one of three women on the grand jury. The other Hamlin people were B. M. (Mac) Brundage and Will W. (Bill) Harbert.

Other members of the crime investigating unit for the forthcoming fall term of the district court are: Mrs. Robert Cross of Anson, Dan McLaren of Anson, Mrs. Welby W. Callicote of Stamford, C. M. Wise of Anson, I. M. West of Hawley, W. H. Kelso of Hawley, B. E. Boler of Anson, W. O. McGinnis of Anson and Archie Pardue of Stamford.

McLaren was named foreman when the group organized. The grand jury is working with District Attorney Tom Todd of Abilene in their investigations of criminal charges.

Plans for the annex were made several months ago, but changes in the basic plans, as well as increasing costs of materials, have caused delay in the actual start of work.

Pickers Will Be Directed Through Diversion Points

Ample labor for gathering of the cotton crop in this section of Central West Texas is expected to be provided under a program of directing workers to the parts of the country needing the hands most urgently.

Transient labor depots for the handling of cotton pulling workers are being established in the area under supervision of the Texas Employment Commission, it was advised this week by Glenn McNatt, manager of the Abilene office of TEC, who was in Hamlin Tuesday.

Hamlin area farmers are just now getting into the swing of cotton pulling, and were beginning to check on the supply of labor, it is indicated this week in a check-up by The Herald.

McNatt explained that a labor diversion point had been established on the highway just south of Stamford, under the supervision of David Osment. A similar distribution point has been established by Olin Potts in the south of Anson.

Workers directed to this region will be guided to the labor camp established several years ago by the Hamlin Chamber of Commerce south of the Hamlin Producers Gin. Farmers needing the laborers may contact transients there, or if they are not available there, contact the camps at Stamford or Anson or the TEC office at Abilene.

Considerable cotton picking labor already is in the Hamlin region. DePriest Colored School will dismiss classes soon in order to permit the colored children to help with the harvest.

Out-of-County Singers Expected Here Sunday

A number of out-of-the-county singers are expected to add interest to the Jones and Fisher County monthly singing Sunday at the Foursquare Gospel Church in Hamlin on Southwest Avenue D, singing officials announce.

Singing will get underway at 2:00 o'clock in the afternoon, and the general public is invited to attend.

VISITS SON'S FAMILY.

Loy D. Fry returned Monday from a week-end visit at Wichita Falls with his son and family, Mr. and Mrs. L. D. Fry Jr. and daughter, Margaret Ann.

Formal Opening of Piggly Wiggly in New Location to Feature Prizes for Visitors

Formal opening of the beautiful new Piggly Wiggly store in Hamlin is scheduled for this weekend, according to Edgar Duncan, owner.

The store has been in operation at the new location, corner of Southeast First Street and Southeast Avenue A for several days, but final arrangement of fixtures and stocks had not been completed, Duncan declares.

The present owner came to Hamlin nine years ago, and has expanded the business several times. The big new store building equipped with the finest fixtures, conveniences and accessories, now is one of Central West Texas' finest food stores.

In connection with the formal opening this week, many prizes are being offered to visitors to the store, including a TV set, vacuum cleaner, electric percolator, 30 baskets of groceries and others.

A background of the Piggly Wiggly system has been provided by Duncan. It follows: Piggly Wiggly system of grocery merchandising, the originator of self-service, was founded in Memphis, Tennessee, in 1916 by Clarence Saunders.

Saunders had a variety of experiences in the grocery field and, at that time, was a wholesale grocery salesman. In his everyday business calls he was impressed by the universal situation which saw service store personnel standing around and idle for the most part during slack hours in grocery stores. Peak hours found these same clerks vastly over-

See PIGGLY WIGGLY—Page 7

Mr. and Mrs. C. E. Whittenburg of Fort Worth are announcing the arrival of a daughter on August 24, who has been named Kathy Lee. The little lady weighed six pounds three ounces. The father is the grandson of Mrs. E. K. Whittenburg of Hamlin, and formerly lived here.

BOOSTER CLUB IS GOOD WAY TO BACK SCHOOL

Activities of the Hamlin Pied Piper Booster Club of the past several months have made it a definite, needed niche in the community. We prophesy a new upsurge in its membership during the next few weeks, as football and basketball fever increases in the area.

Organized last fall by a small group of civic-minded business men who believed in their athletic teams—and wanted to prove to the boys that they were behind them—the Booster Club played a vital role in creating and maintaining interest in the football and basketball games of the schools last season, and a continuation of such a program is planned for the new school term recently begun, according to Bill Harbert, president of the boosters.

Too often a community's citizens are prone to half-heartedly give allegiance to their home town's athletic teams, offer very little encouragement to the boys and coaches, and then stand on the sidelines for the purpose of derision and ridicule. It takes no psychologist to discern that such action from the sidelines has ruined many a team and the spirit of the athletes.

Adversely, through the years it has been determined that a mediocre football team or

basketball crew has played spectacular games because they felt the home town folks were behind them tooth-and-toenail. After all, it is spirit and not altogether brawn and skill that many times is the difference between victory and defeat on the athletic field or court.

This season's Booster Club has started off with less than 100 memberships, which is not truly reflective of the interest which business men and others have in their football boys and girls, surely! We predict that scores of others will pay their membership fees and boost the roster to twice that many and maybe more before many days shall have past.

Besides sponsoring various get-togethers for the boys, the coaches and the boosters, the Pied Piper Booster Club is advertising the games of the season; helping to arrange for the first annual homecoming of ex-students on October 14; helping to provide programs for various games; assisting with ticket sales, handling visitors, etc. at the stadium and basketball courts.

Mr. Hamlin, if you haven't joined the Booster Club, arrange to join today! Any members of the club will take your membership. Gene Westmoreland is secretary.

Game Has Growing Chance

Game and fishing licenses for the coming year recently were placed in the hands of dealers, according to the chief license clerk of the Texas Game and Fish Commission. The licenses will be good for 12 months dating from September 1. The licenses are distributed through approximately 1,700 license deputies, mainly sporting goods stores and hardware merchants, plus county clerks and game wardens.

The chief license clerk said approximately 410,000 fishing licenses and approximately 380,000 hunting licenses were sold last year. Individual resident fishing licenses cost \$1.65, and individual resident hunting licenses cost \$2.15.

It was noted by the chief license clerk that the number of fishing licenses issued shows an increasing trend out of proportion to the hunting license rate. Until recent years, Texas issued about the same number of each. This year about 30,000 more fishing licenses will be distributed.

The chief license clerk said this reflects the new emphasis on fishing that has accompanied the gradual growth in fishing waters primarily because of additional lakes and reservoirs. He said he foresees even a greater spread since water-conscious Texas has elaborate plans for more water impoundments.

One new angle this year concerns the hunters and fishermen 65 years of age or older who, by Legislative act, do not have to buy either a hunting or fishing license. The same privilege applies to youngsters under 17 years of age. Both young and old categories, however, must obtain exempt licenses for big game.

Funds derived from the hunting and fishing licenses help to propagate and protect game and fish against unwarranted destruction by regulation and propagation. Game has a growing chance to flourish.

Now Is the Time

Time is so precious that it is dealt out to us only in the smallest possible fraction—a tiny moment—at a time. We cannot live again the moment that has just passed, nor can we live in the moment that is to come.

Just when the pendulum is swinging through the present instant—this is the only time of which we are sure, the time to do our thinking, our working. We should make this a perfect moment.

The purest pleasures lie within the circle of useful occupation.—Henry Ward Beecher.

Yardstick of Books

Simply reading books does not make a man cultured. But the number of books read by a people does provide a rough measure of its cultural level.

Americans do not measure up very well. Last year, for example, retail sales of fiction and non-fiction books in the United States totaled in dollars only \$64,000,000 as against \$100,000,000 in England. Yet England has less than one-third of the population of this country.

These sales figures bear out the findings of a survey made a few years ago. It showed that only about 15 per cent of all Americans ever bought or read a book, contrasted with 50 per cent in England.

Americans, however, need not hang their heads in shame. We are a young people. We have been so occupied with developing a great nation and assuming its responsibilities that we have not taken time to read as many books as we might have.

There are encouraging signs of change. American book publishers are enjoying good business this summer in place of the usual doldrums. Sales the first half of the year were 10 to 15 per cent ahead of last year's. They are expected to be even better in the fall.

That is good news, both for publishers and for all who want to see this nation's cultural level rise in keeping with its world political stature.

Editorial of the Week

CONCRETE ANT HILL

If ants were provided with a concrete ant hill, what would they do? In all probability they would start building a regular ant hill next to the concrete one. Ants would perish without castles to build.

Socialism is much like the hypothetical concrete ant hill. It shouts Utopia and its sponsors promise a life of security. But it has in the past torn down the people's accumulated savings. What if socialism could give cradle-to-the-grave security? That alone would leave man as lost as the ant in the concrete hill.

A republic of free men is based on the premise that the individual can build his own castle at his own risk instead of living in a cubicle provided by the state. With incentive as an urge to produce, man pushes himself to the highest standard of living.

The energy of man must find an outlet in building, as much as the mant. The creative spirit cannot be static.—The Graham Leader.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald

TWENTY YEARS AGO.

Happenings in the Hamlin community 20 years ago included the following, reproduced from the issue of The Hamlin Herald dated September 6, 1935:

Formal opening of the new meeting house for the Church of the Nazarene in Hamlin will be conducted Sunday, it is announced this week by Rev. J. H. Whitaker, pastor, who invites the general public to attend the service. The congregation had been meeting until recently in the church in the south part of town, which was originally part of the Nazarene University. The church there was destroyed by fire several months ago.

At least four inches of rain fell in the Hamlin area Sunday to give needed relief to the drought that has persisted for several weeks. Last appreciable rain that had fallen here was the first part of June.

Mr. and Mrs. Hugh Gafford left Saturday for San Antonio on a visit. They were accompanied by Mr. and Mrs. E. F. Fahey and daughter, Bernice.

TEN YEARS AGO.

Among news items of interest in the Hamlin community 10 years ago were the following, re-Hamlin Herald dated September 7, 1945:

Elizabeth Ann and Donna Kay East, daughters of Rev. and Mrs. Henard East, former pastor and wife of the First Baptist Church, visited friends in Hamlin the past 10 days. They made their headquarters with Mrs. D. W. Stell.

Mr. and Mrs. B. Middleton have been showing some of the finest Delicious apples folks have ever seen, which were grown in their yard in Hamlin. Seed for the tree was supposedly dropped by the carpenters who built the Middleton home.

Friends of Cass B. Rowland regret to learn that it was necessary to amputate a leg from the man this week as result of an infection of long standing. H. P. McLaughlin of Abilene and Dallas has been named principal of Hamlin High School, it is announced this week by Superintendent I. R. Huchingson.

Announcement has been made of the marriage of Ora Frances Steele, daughter of Mr. and Mrs. Virgil Steele, to John Byron Martin of the U. S. Navy, son of Mr. and Mrs. S. P. Martin. The wedding took place at Brooklyn, New York, on August 7.

FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, which are reproduced from the issue of The Hamlin Herald dated September 8, 1950:

Rain which began in the Hamlin area Monday and continued through Tuesday night measured 5.31 inches, according to the government rain gauge. All the Hamlin lakes were filled and terraces caught lots of water for benefit of the farm lands.

Texas Pacific Coal & Oil Company's No. 1 Velta Toler well, seven miles northwest of Hamlin, was flowing this week as a good producer. Official test of the well had not been made at press time for The Herald.

Voting in Jones County at the run-off primary election August 26 went about the same as over the rest of the state. Balloting was light, only 1,786 votes being polled.

Injuries to members of the team makes a victory over the Stamford Bulldogs for the Pied Pipers dim, according to Coaches Jesse V. (Red) Burditt and Vernon Townsend. The tilt is slated at Stamford Friday night.

Bill Harbert of Denton is visiting in the Weldon Carter home.

ONE YEAR AGO.

News items of interest in the Hamlin community a year ago included the following, which are reprinted from the issue of The Hamlin Herald dated September 10, 1954:

Plans for the first annual Hamlin Jubilee celebration, scheduled for September 11, are going forward nicely, according to Onis Crawford, manager of the Chamber of Commerce.

Ample labor the cotton pulling chore in the Hamlin section is being promised by the Texas Employment Commission office at Abilene.

On the basis of recent surveys of utility connections in Hamlin, the city's population is now estimated at nearly 4,100. The last official government census made in 1950 counted 3,564 people in the city limits.

Farm Bureau Opens New Offices in Anson

Opening of offices in the Dunwoody building on the northeast corner of the square in Anson by the Jones County Farm Bureau was announced this week by Harris Wright, manager.

In connection with regular bureau affairs the office will handle the services of the Texas Farm Bureau Insurance Company, offering life, fire, auto and Blue Cross insurance to members.

ATTENDS JEWELRY SHOW.

Mrs. S. D. McMahon returned Wednesday from Dallas and Fort Worth. In Dallas she attended the gift and jewelry show in the Adolphus Hotel. In Fort Worth she visited relatives, Mr. and Mrs. L. S. Sparks and daughter, Robbie. The Sparks went to the Dallas show with Mrs. McMahon.

To cultivate a sense of the beautiful is one of the most effective ways of cultivating an appreciation of the divine goodness.—C. N. Bovee.

H-SU Official Talks at First Baptist Church

Dr. W. O. (Bill) Beasley, assistant to President Evan A. Reiff of Hardin-Simmons University at Abilene, was in the pulpit at the First Baptist Church at both morning and evening services.

Rev. Houston Walker, pastor, was in the Levelland area, where he is conducting in District 9 a school of missions and stewardship. He will be back in his pulpit next Sunday.

With \$2.50 Purchase or More

IT'S "BACK TO SCHOOL TIME", SLOW YOUR CAR DOWN—YOUR CHILD MAY BE THE NEXT VICTIM!

We invite you to come in and celebrate the Grand Opening of Hamlin's finest grocery store. It's completely new—latest type year-round air-conditioning. All new modern equipment. This truly is a store of tomorrow! We came to Hamlin nine years ago and you folks have been so nice and loyal we think it only our duty to repay your loyalty in providing the nicest store possible for your shopping convenience. We have the same old faces but brand new smiles. We are as proud of our new home as we think you will be.

Today's Piggly - Wiggly System is made up of what is probably the nation's most progressive association of independent merchants. New members to the System are selected, among other things, on the basis of their personal integrity, civic reputation, and demonstrated progressiveness. Requirements for a new Piggly-Wiggly Super Market are reputed the strictest in the industry. Among grocermen it is an accepted fact that local Piggly-Wiggly operators are among the community's most active and dependable businessmen.

Hamlin Area Young People Making Plans to Attend Colleges in Wide Scope

Young people of the community are preparing for their annual treks to colleges and universities covering a wide scope, as the first of September rolls around. An increased number of students are reported planning college careers in comparison with last year.

Hardin-Simmons University at Abilene appears to be the most popular school selected by those checked by The Herald, with 10 indicating their plans to attend that institution. Texas Tech at Lubbock is second with eight, and McMurry College at Abilene has been selected by five.

Names of students and their schools, as gathered from several sources, follow:

Texas State College for Women at Denton—Betty and Mary Amerson.

Fifty-Two Study Club Meets Saturday in Home of Mrs. Moore

Home of Mrs. Ned Moore was the setting Saturday morning at 9:30 o'clock for a meeting of the Fifty-Two Study Club.

Mrs. Truman Nix was elected as a new member. Mrs. Nix took the place of Mrs. W. Wallace, who resigned, as federation counselor.

It was announced that a Safe Driver Education Clinic will be held October 28, with Hamlin as the model town. This program is being promoted by Eudora Hawkins of Abilene.

Tickets were distributed for game night, scheduled for next Tuesday evening at the Primary School Cafeteria.

Members present were Meses. Harry Martin, W. S. Seals, Ned Moore, H. O. Willbanks, L. C. Bond, Dean Witt, Irby Weaver, Wilson Brannon, Gene Grice, Dale Lain, Noel Weaver, S. C. Ferguson Jr., E. J. Hawkins, B. O. Bell, W. C. Westbrook, R. L. McClung and Joe League.

Orders to Take Home, Too

Phebian Class Meets Thursday in Home of Mrs. Elmer Brewer

"Love and Working" was the theme of the devotion presented by Mrs. Carl Greenway when members of the Phebian Sunday School Class of the First Baptist Church met Thursday evening in the home of Mrs. Elmer Brewer. Mrs. J. P. Morrison was co-hostess for the gathering.

Mrs. Johnnie Hines presided for the business session in the absence of the president, Mrs. S. C. Ballew.

Mrs. Tom Routh opened the meeting with prayer. Mrs. D. J. Herbst read the minutes, and Mrs. Greenway's devotion followed.

After the closing prayer by Mrs. A. Spencer, refreshments were served to two guests, Meses. Carl Greenway and R. M. Young, and following members: Meses. A. Spencer, Richard Ritchey, Tom Routh, Fred Young, D. J. Herbst, Carl Meyer, D. A. Brown, Hill Smith, James I. Steed and Johnnie Hines.

Ted Armstrongs Back From Visit with Brand New Granddaughter

Mr. and Mrs. Ted Armstrong and two daughter returned a few days ago from a business and pleasure trip to the central and eastern portions of the country.

At Fort Clinton, Ohio, Armstrong, production manager of the Celotex Corporation's plant at Hamlin, visited the new Celotex plant.

At Detroit, Michigan, they visited the Armstrongs' elder son, Lieutenant Richard Allen Armstrong, and wife and new granddaughter, Debra Neil, who arrived about August 1. Young Armstrong recently was named assistant director of installation for the 10th Air Force at Selfridge Field, near Detroit.

The local people returned by way of Washington, D. C., the Blue Ridge Mountain country and other points of interest.

Mrs. Nora Hopper Has All of Children Home

Mrs. Nora Hopper, Hamlin pioneer, had all her children home for the Labor Day week-end. It was the first time all the children had been together in "ages," declared Mrs. Hopper.

Enjoying the associations and feasting at the get-together were John and Otis Hopper of Fort Worth; Mr. and Mrs. Paul Cain and son, John Paul, of Sweetwater; Mrs. Myrtle Copeland and Mr. and Mrs. Lee Hopper of Hamlin.

THE FINAL LET-DOWN.

For months he had been her devoted admirer. Now, at long last, he has collected sufficient courage to propound the most momentous of all questions.

"There are quite a lot of advantages in being a bachelor," he began, "but there comes a time when one longs for the companionship of another being—a being who will regard one as perfect, as an idol; whom one can treat as one's absolute property; who will be kind and faithful when times are hard; who will share one's joy and sorrows . . ."

To his delight he saw a sympathetic gleam in her eyes. Then she nodded in agreement.

"So you're thinking of buying a dog," she said. "I think it's a fine idea. Do let me help you choose one."

TRANSITION PERIOD.

"But, doctor, you gave me an entirely different diagnosis yesterday."

"That just goes to show, madam, how rapidly medical science advances."

"Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life," you may be suffering unnecessarily!

For . . . in tests by doctors . . . Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action . . . has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!" So . . . get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot flashes!"

THESE WOMEN!

By d'Alessio

"For goodness sakes—I don't buy HALF the things you promised me before we were married!"

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Thomas E. David of Aspermont, medical, August 24; Mrs. J. C. Crocker of Brownwood, medical, August 24; Ella Stapler, surgery, August 24; William Cranford Jr., medical, August 24; Patsy Kolb of Aspermont, medical, August 24; Mrs. F. E. Holden Jr., ob, August 24; Mrs. J. H. Blackwell, ob, August 26; Mrs. Doe Neal, medical, August 24;

New Class Organized By Baptist Women At Tuesday Gathering

A new Sunday School Class for the First Baptist Church was organized Tuesday evening when young married women met in the home of Mrs. Clyde Grice. The name "Friends" was selected for the new unit.

Mrs. Joe A. Simpson installed the following officers: Mrs. A. Spencer, teacher; Mrs. Jack Wright, assistant teacher; Mrs. Ben Parker, president; Mrs. Clyde Grice, vice president; Mrs. W. W. Fletcher, secretary; Mrs. I. D. Miller, treasurer; and Mrs. Noel Weaver, Mrs. Jewel Hargrove and Mrs. Evalina Lee, group captains. Present for the gathering Tuesday evening were Meses. Houston Walker, a guest, and the following members: Meses. Joe A. Simpson, Milton Smith, Jewel Hargrove, Evalina Lee, Noel Weaver, Jack Wright, Ben Parker, W. W. Fletcher and I. D. Miller.

SMITHS HAVE GUESTS.

Mr. and Mrs. B. W. Thomas and daughter, Karen, of Beaumont and L. L. Moore of Fort Worth were guests of Mr. and Mrs. Hill Smith the past week-end. Mrs. Thomas is a daughter of the Smiths, and Moore is Mrs. Smith's brother.

RECENT VISITORS.

Dr. and Mrs. W. B. Glass of Fort Worth were guests last week of Mrs. Etta Stephenson and other relatives and friends in the Hamlin community. Mr. and Mrs. W. A. Stephenson and Mr. and Mrs. O. T. Stephenson of Abilene were visitors first of this week.

Wealth is not his that has it, but his that enjoys it.—Benjamin Franklin.

Abilene Women's Symphony Guild Will Sponsor Style Review

Fashions set to music will give the theme for the first fall style show in Abilene September 12.

Bea Haney of Abilene will present new fall styles, both formal and informal, in a show sponsored by the Abilene Women's Symphony Guild.

The Bea Haney fashion symphony will be presented at the West Texas Utilities Auditorium at Lytle Lake in Abilene at 8:00 o'clock Monday night.

The Abilene Symphony Orchestra will play during the presentation. A musical backdrop designed by Mrs. Edwin Jackson will highlight a setting which features the lake in the background.

Mrs. Sue Webb of Fort Worth will commentate the fashions.

Models will be Mrs. Morgan Hubbard, Mrs. Theo Nichols, Mrs. Tom Gordon, Mrs. Horace Holly, Mrs. W. R. Cree Jr., Mrs. Rand Creasy, Mrs. Guy Caldwell and Diana Sandefor.

Tickets for \$1.50 or servasations may be obtained by writing Mrs. Joe Kimbrough, 509, Briarwood Lane, Abilene.

B&PW Club Begins Year with Dinner at Primary Cafetorium

The Hamlin Business and Professional Women's Club resumed its meetings for the new club year with a dinner session Tuesday evening at the Primary School Cafetorium.

Club president, Vera Nobles, presented yearbooks to the members as they arrived.

Program for the evening was a brief sketch, with color slides, by Mr. and Mrs. W. C. Russell of their recent European tour. W. L. Boyd, also a member of the touring party, added comments occasionally.

The travels and pictures of interesting points visited by the trio proved an entertaining program feature.

There were 17 guests present, including the Russell and Mr. and Mrs. W. L. Boyd.

Don't use soap first on a lipstick or rouge stain, because it may set the stain. Rub the spot with lard or vaseline then wash in hot suds.

Locals Meet Winters in First Grid Tilt at Hamlin Tonight

Blizzard Eleven Outweighs Pipers 14 Pounds to Man

Hamlin High School's football squad opens its 1955 grid season tonight (Friday) against a proverbial foe, the Winters Blizzards, with a will-to-win despite the fact that the locals are the underdogs.

New formations and new techniques by a new coaching staff will be on the test line when the starting whistle sounds at 8:00 o'clock. But the new coaches declare that their charges are playing like veterans already.

The Blizzards have had a first game jinx over the Pied Pipers, having taken the last three season opening tilts from the locals.

"But the Pied Pipers are paying no attention to past records," declared Truman Nix, head coach, as he put his boys through the paces at mid-week. "Weight has never taken the place of spirit on the football field, and our gridders are going out to take the curtain raiser this year," he assured this reporter.

A check-up of the line-ups of the two teams reveals that the Winters squad outweighs the Pipers 14 pounds per man.

A big crowd of fans, both from Winters and the Hamlin territory, is expected to be in the stands when the game starts at 8:00 o'clock sharp.

Two More Schools Added to Cage Group For Coming Season

Basketball season for boys at DePriest Colored School at Hamlin will get down to business soon, declared Roosevelt Jones, new coach, this week. Lots of good new material has been made available this year with the coming of high school students from Rotan and McCaulley, in addition to those who have been coming from Aspermont and the locals.

Seven area towns will participate in the cage schedule, Breckenridge and Haskell being added to the district race this year in addition to the five already in the league—Stamford, Colorado City, Hamlin, Sweetwater and Big Spring.

Jones says the Steers expect to put the best team in years on the court this season.

Eight-Game Football Scheduled Mapped for Junior High Gridders

An eight-game football schedule for the Mighty Mice gridders of Junior High School has been arranged, according to Coach Harry Martin, who is fast getting his charges in shape for the opening tilt here with Albany on September 13.

All Junior High games will start at 7:30 p. m. on Tuesday nights. The season's schedule follows:

September 13—Albany at Hamlin.
September 20—Merkel at Merkel.
September 27—Anson at Hamlin.
October 4—Rotan at Rotan.
October 11—Open.
October 18—Albany at Albany.
October 25—Merkel at Hamlin.
November 1—Anson at Anson.
November 8—Rotan at Hamlin.

Try beating the train to a railroad crossing if you want to put a real lasting finish on your car.

Probable Starting Line-Ups for First Grid Tilt Released

Probable starting line-ups for the Hamlin Pied Pipers-Winters Blizzard season-opening game, to be played tonight (Friday) on the Piper stadium, were released late Wednesday by coaches of the respective schools.

The line-ups follow:

| Winters Blizzards | | | |
|-------------------|--------|-----|------|
| Player | Pos. | No. | Wgt. |
| K. Browne | tackle | 72 | 189 |
| T. Chambliss | guard | 63 | 138 |
| J. Emmert | tackle | 74 | 210 |
| L. Faubion | end | 82 | 170 |
| J. Glenn | guard | 60 | 143 |
| Jimmy Hoppe | back | 49 | 157 |
| Jerry Jones | back | 49 | 178 |
| Fred Liso | end | 81 | 158 |
| James Spill | center | 58 | 170 |
| Dwayne Williams | back | 47 | 162 |
| Mack Young | back | 48 | 165 |
| Bill Chapman | guard | 62 | 192 |

| Hamlin Pied Pipers | | | |
|--------------------|--------|-----|------|
| Player | Pos. | No. | Wgt. |
| Virgil Wilson | back | 14 | 150 |
| Holly Toler | back | 16 | 140 |
| Doug Ford | back | 17 | 140 |
| Clarence Parker | back | 18 | 148 |
| Murl Don Smith | center | 52 | 195 |
| Dee Prewitt | guard | 60 | 170 |
| Bobby Brown | guard | 65 | 135 |
| Rodney Spaulding | tackle | 70 | 170 |
| Lavere Wilson | tackle | 72 | 165 |
| Lane Fletcher | end | 80 | 150 |
| Paige Baize | end | 82 | 150 |

Good Dove Hunting Reported in Section

Hunters of the Hamlin area who have tried their dove shooting irons for the season that opened nine days ago report that the birds are plentiful in most regions in these parts.

Better than average moisture early in the summer provided good weed and grass growth that developed lots of feed, and the water holes have been ample in most sections.

LONGHORN LOOK-ALIKES—A pair of identical twins from Austin figure prominently in the rebuilding of the University of Texas football line this fall. They are (left) Wes Wyman and brother Will. Coaches have no trouble in telling the 205-pound sophomores apart—Wes wears black shoe-laces and Will uses a white pair!

Last Friday's Inter-Squad Game Shows New Formations by Altered Coaching

Last Friday night's season-opening football game at the Pied Piper stadium also was an eye-opener—because it revealed some new plays and formations cooked up by the new coaching staff of Hamlin High School.

Outcome of the inter-squad game, incidentally, was 6 to 0 in favor of the Whites. The two crews were pretty evenly matched for the exhibition tilt, which was played as a benefit performance for the new swimming pool.

Something more than 200 cash customers saw the game under the lights, played on a lush green turf that was the finest in the history of the local gridiron.

Coaches Truman Nix and Jim Herdridge put on display their new spread line formation, principally in the straight T, with the backs playing close behind the line.

Showing fine cooperation, both the crews fell into the game with a spirit that is destined to keep the light-weight Pipers in the limelight during the forthcoming season.

On the initial kick-off by the Whites, the Greens found plenty of opposition as they started their intended march down the field. In fact, the two crews plugged away at each other's lines for the entire first half to no avail.

In the third quarter, after taking the kick-off from the Whites, the Greens pushed down to the 30-yard stripe, where Virgil Wilson took a hand-off from Quarterback Don Adair and scampered through the middle of the defense.

A fine fuel—is what you'll say about Butane Gas—it's economical too

Hamlin-Winters Tilt Pictures to Be Shown

Moving pictures of tonight's Winters-Hamlin football game will be featured as the program for next week's meeting of the Pied Piper Booster Club, according to Bill Harbert, president.

The films, to be rushed from the tilt tonight to developers, are due to be back in town next Tuesday. Coaches Nix and Herdridge will give highlights of the game as the pictures are shown.

The meeting, recently changed to Wednesday night at 8:30, will be at the oil mill guest house. All men of the community are invited to attend.

Colored Girls Select Captains for Cagers

Best basketball season in the history of DePriest Colored School at Hamlin is in prospect, declared E. S. Morgan, principal and coach for the girls, this week.

With the recent addition of students from Rotan and McCaulley, material for some fast teams in both boys and girls has been provided.

The girls' cage group has already organized, but regular practice sessions will not be staged until after the cotton picking recess. Bobbie Gay Powell of Rotan and Beatrice Taylor of Aspermont were named co-captains for the Steerettes.

Tommy Carpenter Returns to Venezuela

Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter of Hamlin left Thursday for another tour of duty in Venezuela, South America. He is connected with the United Geophysical Company as an observer with a seismographic crew.

Young Carpenter previously had spent a two-year stretch with the geophysical concern in Venezuela.

Three Hamlin Men in Naval Reserve Shoot

Three men from Hamlin who are members of the Naval Reserve unit at Abilene last week demonstrated their marksmanship in the annual rifle match staged at Abilene.

C. L. White scored 253 hits out of a possible 400 shooting a 22-rifle at an one-eighth bullseye at 50-feet, shooting from prone, sitting, kneeling and off-hand positions. S. H. D. Pate scored

a 230 card. James Smart tallied a 189 score.

Roy Dunlap, city coordinator who is an officer in the Naval Reserve, shot a 333 score, but the officer's score did not count in competition.

Farmers and Ranchers of Hamlin Area Expected to Attend Soil Day Near Anson

Numbers of farmers and ranchers of the Hamlin area are expected to attend the second annual Abilene Reporter-News Soil Day, which will be staged September 13 on the J. P. Howie farm, eight miles northwest of Abilene in Jones County.

Theme of the day's program and objective of demonstrations will be "soil conditioning."

Experts will discuss the planting and management of cover crops in preventing erosion, building fertility and restoring organic matter in the land. Others will discuss the use of native and introduced grasses and management practices in range improvements.

One of the acknowledged masters of soil conditioning, Clinton Harbers of West Point, Texas, will be the principal speaker.

The South Central Texas farmer, who has won recognition on his soil conditioning cropping system, will outline the legume growing program that he inaugurated in 1947 that increased the

Extension Classes at H-SU Being Enlarged

Plans for an expanded extension service from Hardin-Simmons University at Abilene were announced recently by university officials, who urge that people of the Hamlin area interested in taking extension classes to contact the school right away.

Classes will be conducted for all courses for which a demand is felt, official declared who visited The Herald last week.

FORMAL OPENING of the beautiful new Piggly Wiggly store at the corner of Southeast Avenue A and Southeast First Street this week-end is announced by Edgar Duncan owner (above) who has operated the store here for nine years.

PIGGLY WIGGLY

(concluded from page one)

worked trying to wait upon each customer individually and consequently such peak hours found shoppers lined up at grocery counters trying to attract the attention of hurried clerks and get their orders filled. As a result of this state of affairs, shoppers generally bought only what they came into the store for and the total of such orders usually haphazardly added up by the clerk while other shoppers chafed with impatience. The idea occurred to Saunders that the easiest way to eliminate this accepted but unsatisfactory method was, very simply, "let the shoppers serve themselves."

According to Saunders planned and built a store that brought howls of derision from veteran grocers. This store had no counters; shelves were open to the shopper, who was provided with a basket. The door and invited to fill the basket as she saw fit. When Mrs. Shopper completed her selection the basket was unobtrusively "checked" accurately added by machine, and change made by an employee who did nothing else.

The system, later expanded into a group of independent grocery organizations, then perfected a corporation to offer group buying and fixture manufacturing. Now a large factory is maintained at Jackson, Mississippi, produces fixtures exclusively for the Piggly Wiggly stores.

Result of this far-sighted program has been constant enlargement of the Piggly Wiggly system until today's Piggly Wiggly franchise stores are located in some 40 states, Alaska and Hawaii.

Most accepted version of how the Piggly Wiggly name came about it: Saunders realized the necessity for a name for his new system that would have an easy and instant identification value.

Japan Has Staged Big Comeback as Nation, Brown Says

The country of Japan has come back as a national power since World War II that beat them to their knees, declared Edward M. Brown of Abilene, who spent five years as a missionary to Japan at three different periods from 1945 to 1951. He is here conducting a series of evangelistic services at the Church of Christ.

Brown's activities in Japan were made possible by the support of the local church. He traced the background of Japan following the visit of Commodore Perry a century ago. "During a 40-year period the Japanese became a mighty power by matching the development of Western nations after Perry's visit," declared Brown. Japan took its place in transportation, military techniques, manufacturing and hydro-electric industry.

However, following the world war the people became downtrodden through poverty and abject misery. Since then great strides have been made in regaining its former world position, aid from the United States playing a vital role in the comeback, he said.

"Japan is a fertile field for a better religious foundation," concluded the churchman.

Besides the speaker, other guests at the Wednesday luncheon included Homer Scallorn of Abilene; C. J. Dodsworth of Bowie; W. M. Blackburn of Stamford; and James Eddie Jay of Hamlin.

Most of Farm Crops in Santa Fe Regions Better Than in 1954

Crops in the area served by the Santa Fe Railway generally are much better than last year, declares the monthly crop condition report released by the railway to The Herald this week.

The Texas cotton crop has been estimated at 3,900,000 bales, which is only one per cent below the 1954 yield on approximately 1,000,000 acres less than was harvested last year. Indicated per acre yield based on August 1 conditions is 278 pounds, or the highest yield since 1886. This unusually high yield reflects improved soil moisture and the use of practices designed to produce high yields from sharply reduced acreage, together with considerable amounts of fertilizer.

Harvest of grain sorghums is nearing completion in most of the Santa Fe area. Much of the dry land area is critically short because of late drouths, but the Plains areas will harvest bumper crops generally.

Hamlin People Go to Funeral for Lyle Infant

Several Hamlin people and others of this area were in San Diego, California, over the weekend to attend the funeral of Larry Lyle Jr., three-month-old son of Mr. and Mrs. Larry Lyle, who died Friday. His mother is the former Laverne Bond of Celotex community.

Those attending the funeral were G. M. Bond, grandfather, of Celotex, Mr. and Mrs. Jack Bond of Hamlin, Glenn Bond of Fort Worth and Mrs. George Goforth of Sweetwater.

Very coolly and calculatedly pulled one "out of thin air" and named his store "Piggly Wiggly" because he realized that this unorthodox name once heard, would never be forgotten, particularly when applied to grocery stores.

New Officers of Shell Safety Council Will Conduct Safety Clinic

Announcement was made this week that Hamlin area employees of the Shell Pipe Line Corporation safety chapter will hold their quarterly meeting September 28 at the oil mill guest house.

This session will be conducted by the newly elected officers of the local chapter, who are: Lloyd Burkhardt, governor; Ira Butler Jr. chairman; and R. T. Woodrow, secretary-treasurer.

These three officers attended the Shell Pipe Line Corporation's West Texas area safety council meeting held at Midland during the last of July, where they were instructed on how to hold and conduct a safety chapter meeting.

Theme of the forthcoming quarterly safety meeting is "Eye Protection," which will be demonstrated by Shell's West Texas area safety engineer.

K. L. Berry Renamed to Head March of Dimes

Major General K. L. Berry, internationally famed Texas soldier and veteran in the fight against polio, has been reappointed as the state chairman for the 1956 March of Dimes in the state of Texas, it was announced this week by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

"General Berry has provided the leadership vital to continuation of the polio programs of aid to patients, research and education," O'Connor said. "Under his leadership the Texas March of Dimes reached an all-time high last January. We are indeed grateful that he has agreed to direct the polio appeal for another year."

About Half of City's Firms Close Labor Day

About half of the business firms and offices in Hamlin were closed Monday for observance of Labor Day, including the post office and schools.

Numbers of Hamlin area people attended the water show and celebration at Paint Creek Lake northeast of Stamford. Others took advantage of the holiday to visit with relatives and friends over the week-end.

Many of Children Accident Victims May Be Saved by Use of Caution by Motorists

"A total of 4,100 children under 15 years of age were killed in the United States in traffic accidents last year," E. G. McFadden of Dallas, president of the Texas Safety Association Inc., said this week.

"This slaughter of our children," said McFadden, "is a tragic and needless waste of life and is simple reason for the present nation-wide child safety program."

"But the number of deaths is only part of the total picture," he said. "In addition we have the vast number of children who are injured in traffic accidents each year—215,000 of them in 1954, according to National Safety Council figures."

"There are multiple factors involved in the cause of accidents, some of which we as yet know very little about. Hence there is no single easy remedy for the situation. Our only hope is to attack the problem of child traffic accidents on all fronts," he said.

"All of us are involved in one way or another in the cause and in the cure of our traffic ills. The purpose of our safety program is to get this message across to everyone in this community, for it is only through the concerted efforts of each and every man, woman and child that we can solve the problem of child safety

on our streets and highways.

"It is widely recognized that safety training must begin in the home in the formative years of the child's life. Yet many parents seem unaware of the importance of this phase of the child's education or their responsibility for making children safety conscious from the start."

"Then there is the motorist's share in the responsibility for children's traffic safety. While there has been a vast improvement in the safety consciousness of motorists over recent years they still have a long way to go. After all, there still are crazy drivers."

"The only way to attempt to cure these killers is by tightening up our traffic laws and stiffening our penalties for reckless driving."

McFadden emphasized the mutual responsibility of schools, public officials and community leaders for investigating the safety resources of the community and for spearheading movements whose purpose is to cut down on traffic hazards to children in the community.

"A good community is judged by its accident record," he said. "Let us be sure that our community recognizes and meets its responsibility!"

When you need rubber stamps, contact The Herald, phone 241.

LAST WEEK'S MYSTERY FARM PICTURE (above) was first correctly identified by Mrs. Louis Woolf of Hamlin, who will receive a one-year subscription to Your Home Town Paper. The aerial view is of the place owned by Lewis and Leonard Johnson, five miles southwest of Hamlin. The place is being farmed by Mr. and Mrs. Leonard Johnson, who this year had wheat and oats planted on the place. They are raising several head of livestock as well. Soil and water conservation practices are employed.

Mrs. Louis Woolf First to Identify Mystery Picture

Mrs. Louis Woolf of Hamlin was the first to correctly identify last week's mystery farm picture printed in The Herald. She will receive a one-year subscription to Your Home Town Paper.

The picture was an aerial scene of the farm owned by Lewis and Leonard Johnson, five miles southwest of Hamlin on Route 2. The place is occupied by Mr. and Mrs. Leonard Johnson.

Purchased by the Johnsons in 1954, the place had been owned by the T. N. Hemphills for 33 years.

The Johnsons had 75 acres of wheat and 45 acres of oats on the place for this year. They have grazed a number of cows on the place.

Mr. and Mrs. Leonard Johnson were married in 1948. She is the former Wanda Lou Smith. They have a three-year-old son, Edward. They are members of the Neinda Baptist Church.

Soil and water conservation practices are utilized on the place that have increased yields in recent years. The present house was constructed in 1947, when the highway was relocated in that area.

Veterans Planning to Go to School Under GI Bill Urged to File Early

Veterans planning to start to school under the Korean GI bill this fall are urged by Veterans Administration to send their applications in now to beat the last minute rush later this month when schools open their doors.

VA predicted that two-thirds of a million Korean GI veteran-trainees will be in the nation's schools and training establishments this fall.

By filing applications early, veterans will help prevent delay in processing their papers, VA said.

Application forms may be obtained at any VA office. The completed application, along with a photostat or certified copy of the veteran's separation paper, should be sent to the nearest VA regional office. The papers should not be sent to VA headquarters in Washington, D. C.

PROPERLY TRAINED.

The sergeant really lost his temper with the recruit. But the more the sergeant stormed and raved, the more blandly unconcerned was the recruit.

"Doesn't anything I say make the slightest difference?" the sergeant demanded.

"No," said the recruit. "I'm a baseball umpire in civil life—I'm used to it."

Lions Members Take Quick Trip to Canada by Movies

Members and guests of the Hamlin Lions Club made a quick trip to Canada and back Tuesday during the weekly luncheon period at the oil mill guest house. But the trip was all in pictures.

Roy Dunlap, a member of "that other club," showed colored moving pictures which he made on the recent Boy Scout trip to Minnesota and Canada. The viewers sat goggle-eyed during the showing, especially when he came to the pictures of big pike fish which the group caught on the trip.

Leaving aboard a special chartered bus from Abilene, the group of 30 Abilene area senior Boy Scouts, four of whom were from Hamlin, and their adult leaders drove through Oklahoma, Kansas, Nebraska, Iowa and Minnesota, from whence the crew showed off on a rugged 175-mile canoe trip into the wilds of Canada. The films gave highlights of the trek, that included pretty lakes, animals and fowls in their native habitats, fish that made the Lions' mouths water.

President W. S. Seals presented advertising material promoting the candidacy of Ed Childress of Abilene for international director of Lions Clubs.

B. O. Bell, by virtue of his being one of the tardy Lions, was given the high chair of honor for his meal.

Guest at the luncheon, besides Dunlap, was Ed Brown of Abilene, who is conducting a revival at the Church of Christ.

BIRDS OF A FEATHER.

At California's Camarillo State Hospital for Mental Illness, the superintendent had been on the job only a few weeks. One day he stopped to chat with an inmate who was working in the garden.

"We like you better than the other superintendent," the man volunteered.

Pleased at this, the superintendent asked why.

"Well," was the philosophical reply, "you seem more like one of us."

Huchingson Leaves To Take New Post At Lions Club Camp

Mr. and Mrs. I. R. Huchingson left Thursday for their new home at Kerrville after a residence in Hamlin of nine years. Huchingson had been superintendent of schools during that period.

New position of Huchingson will be executive director of the Texas Lions Club Crippled Children's Home, which is located southeast of Kerrville on the San Antonio highway.

The camp, established in 1945, was designed primarily to provide a summer vacation spot for crippled and deformed children. Occupying 504 acres, the camp has facilities for caring for 100 children for six sessions of two weeks each.

Major project for the immediate future for Huchingson will be the conversion of the camp into a year-round operation. Trades and rehabilitation work among cripples of all ages will be promoted except during summer months, when the vacation program for children will be continued.

The camp was built and is maintained by Texas Lions Club members and is the only one of its kind in the country.

Countries that have the Russian bear for a neighbor are always afraid something new is bruin.—Wall Street Journal.

COLLEGE QUEEN — Mary Elizabeth Wolfe, 20, (above) of Houston has been named 1955 State of Texas College Queen by the National College Queen contest committee of Houston. A Baylor University junior, she will represent the state in the contest finals at Asbury Park, New Jersey, September 9-11.

Growers Watching Experiments with New Hybrid Sorghums

Head grain growers of the Hamlin region are watching with interest experiments being made with hybrid grain sorghums.

Hybrid grain sorghums are here, and seed in limited quantities will be available for planting next year. The expected 20 to 40 per cent increase in yields from the hybrids, plus grain sorghums' ability to out-produce corn in dry years, is apt to push the grain sorghum belt eastward from the Great Plains.

The crop has been gaining in popularity for feed following small grains in the South. During the past decade the harvested acreage has averaged near 7,200,000 acres annually. Last year approximately 10,800,000 acres were harvested, and the 1955 acreage is estimated at 13,200,000 acres with a probable yield of 266,000,000 bushels.

The grain is used in mixed feeds, especially for poultry and more recently in the production of such food items as starch and dextrose.

ADDED ATTRACTION.

A motorist whose car broke down in a small village was required to spend the night there. He asked the mechanic what chance there was for entertainment.

"Well," came the reply, "the motion picture show is closed and the billiard hall is being repaired, but there's a freshman home from college down at the drug store."

CHAIN SYSTEM.
A panhandler was seen standing on the corner holding a hat in each hand. A stranger approached and asked what was the idea of two hats.
The bum grinned: "Business has been so good that I've opened a branch office."

Office supplies at The Herald!

However brilliant an action, should not be esteemed great unless the result of a great good motive.—Rochefoucauld.
